

# ANNATA IMPORT AND DEALER MANAGEMENT SYSTEM™ (IDMS) DELIVERED BY TECTURA

The Microsoft Business Solution built for the Heavy Equipment Industry

## SOLUTION HIGHLIGHTS

- IMPROVE DECISION MAKING
- OPTIMIZE DEVICE UTILIZATION
- INCREASE REVENUE OPPORTUNITIES
- STREAMLINE INTEGRATIONS WITH MANUFACTURERS
- ENHANCE CUSTOMER SATISFACTION
- INCREASE SERVICE EFFICIENCIES

Annata IDMS™, developed for heavy equipment dealers, addresses this industry's unique and specific requirements. Built on Microsoft Dynamics® AX, the integrated Annata IDMS solution provides an end-to-end business management solution ensuring the visibility necessary to make informed decisions from equipment and service management to rental and fleet management.

Realize the benefits of a fully integrated industry solution:

- Gain immediate access to critical maintenance history, warranty information, service contracts and equipment available to sell or rent.
- Track historical data for each vehicle throughout its whole lifecycle
- Achieve real-time access to financial information giving you the power and ability to make better and quicker decisions about customers, inventory and operations.
- Quickly and with ease calculate the total cost of ownership per operating hour so that you are able to make quick decisions regarding your rental assets.

Being a heavy equipment dealer isn't all about the equipment you work with; it is also about managing the information for it. We understand this and we can help. Tectura brings industry experience and leading solutions that let you align your business more profitably with your customers and their needs. We have the expertise to understand your most pressing business and technology challenges along with the innovation to solve them. By partnering with Annata, creator of the Annata IDMS™ solution, we are able to provide a comprehensive, end-to-end equipment industry solution with robust functionality you and your staff need to achieve successful results, optimize your business and ultimately, your profitability.

Grow your business with full visibility into the components you require to be profitable with Annata IDMS, built within Microsoft Dynamics AX, with implementation experience delivered by Tectura.

**TECTURA** | YOUR BUSINESS.  
OUR INSIGHT.

# ANNATA IMPORT AND DEALER MANAGEMENT SYSTEM™ (IDMS) DELIVERED BY TECTURA

The Microsoft Business Solution built for the Heavy Equipment Industry

## ANNATA IDMS SOLUTION HIGHLIGHTS

<b>Device Management</b>	Effectively manage all your devices (vehicles, equipment etc.) within Device Management. Follow equipment histories with precision and instantly determine values for sales, service, rental or repair. Track and record changes and work or service orders conveniently and instantly.
<b>Case Management</b>	Easily manage service orders, warranties, maintenance plans and recalls within the Case Management module, including; multiple workshop management, time slot reserving, clocking, operation codes and job lists.
<b>Fleet Management</b>	Designed to manage the complete life cycle of your equipment from purchase and/or production through scrap or disassembly, Annata IDMS™ tracks all business-critical processes, from sales and trade-in to overhaul and maintenance. As well as, manages service contracts, maintenance contracts, loan contracts and much more...
<b>Warehouse and Spare Parts Management</b>	Benefit from extensive functionality to manage your warehouse and spare parts and accessories. The solution allows item creation from external supplier lists and automatic pricing, as well as handling of various order types.
<b>Analytics</b>	Enable users and managers to easily create summarized views on large volumes of complex data needed to make informed decisions from sales and inventory to claims and case management.
<b>Web Readiness</b>	Everything you ever wanted to do on the web suddenly becomes so much easier with Microsoft Dynamics AX and Annata IDMS™. The web is a natural part of the system, not an extra solution. Reach out to customers, dealers, workshops, suppliers and involve them in your business processes.
<b>Processes</b>	Benefit from our proven track record and take full advantage of our best practices for the set-up and configuration of Microsoft Dynamics AX and Annata IDMS™.
